ACTIONABLE US RESIDENT & GREEN CARD FINANCING HACKS

Because you hold a permanent residency/citizenship status in the United States, you can bypass traditional standard exclusions to claim instant cash-off savings using localized instruments:

- **Register-Level 5% Credit Method:** Apply for the *Micro Center Insider Credit Card* and the *My Best Buy Credit Card* directly at checking registers. Utilizing these vendor cards triggers an instant register-level **5% flat discount** across the cart balance, reducing your net cash out-of-pocket by roughly **-\$136.27**.

Estimated Net Out-of-Pocket Cost (with 5% Store Card applied): ~\$2,589.18

3. OPTIONAL IN-STORE CUSTOM ASSEMBLY SERVICES

Please note: Micro Center **does not** offer free physical assembly, regardless of the total order value exceeding \$2,000. If you prefer the store to handle the technical assembly and cable routing before transport, your father can request one of the following optional service packages at the register:

- **TIER 1: BASIC AIR-COOLED HARDWARE ASSEMBLY (RECOMMENDED)**

Price: \$149.99

Includes full physical integration of components, expert cable management, BIOS updating to the latest stable release, and full hardware optimization stability checks (OCCT). No Operating System setup included.

- **TIER 2: AIR-COOLED ASSEMBLY + FULL OS CONFIGURATION**

Price: \$199.99

Includes all services from Tier 1, along with full installation, deployment, and configuration of the Windows Operating System.

- **EXPRESS SAME-DAY HARDWARE PRIORITY ADD-ON**

Price: \$249.99 total package cost

Bypasses standard multi-day workshop waiting queues to guarantee a completed, tested, and fully packed workstation on the exact same business day.
